1. Intelligence

a. International Reactions

(1) Military reactions

(a) (U) Argentine Air Force planes will join US aircraft in patrol of the Caribbean. The Argentine planes will be available for duty today.

(2) Political & Press Reaction

(a) (C) Photography of Cuban missile bases and Soviet belated confirmation of their existence has deeply impressed numerous African nations who previously leaned toward the Soviet side; Ghana, Mali, and Upper Volta are examples of this trend. The change is demonstrated by the remarks of President Nkrumah of Ghana who stated that he and his government had been deceived by the Soviets.

(b) (C) Venezuela is forwarding proof of Cuban intervention in Venezuela to OAS and will request a new meeting of Rio Treaty Organization for consultation.

(c) (C) The Kennedy-Khrushchev dealings over Castro's head have irreparably damaged the Castro image in Venezuela. Pro-Castro student leaders are distressed to have driven home to them the fact that Castro is clearly a Soviet puppet. Attempts to develop Pro-Castro demonstrations within the University have failed.

b. Indications

(1) (S) There has been no change observed in the offensive or defensive posture of the Soviet Bloc Armed Forces during the past 24 hours.
